## The Jane B Semel Healthy Campus Initiative Appreciation and Recognition Award

The Semel HCI Center at UCLA is pleased to announce the student, faculty and staff award recipients of the Jane B Semel HCI Appreciation and Recognition Award. These awardees actively embody the Semel Healthy Campus Initiative Center principles in striving to promote the health and wellbeing of the UCLA community. Semel HCI's goal is making the healthy choice the easy choice through our major thematic areas of MindWell, BEWell, EatWell, EngageWell, MoveWell, ResearchWell and BreatheWell. Semel HCI is guided by the values of:

- **Fostering Health and Well-being** by creating an environment that fosters health and well-being and maximizes human and planetary health;
- **Encouraging Responsibility** by educating individuals and communities about the impact of their actions and empower them to make positive change;
- **Celebrate Diversity** by fostering an inclusive environment that embraces differences in values and approaches to health and well-being;
- **Striving for Equity** by identifying health disparities and generating solutions for equitable access to health resources and a healthful environment;
- **Being Integrative** in driving change by integrating approaches across disciplines, departments, and stakeholders, and taking an integrated approach to mind and body well-being.
- **Systematically Approach Planetary Health** by illuminating the interdependence of human and environmental systems and advancing holistic solutions

### Congratulations to the awardees:

- **Michael Beck**, Administrative Vice Chancellor
- **Jennifer Jay**, Professor, Civil and Environmental Engineering
- **Jeremy Barrett**, Alumni, Previous Semel HCI Center Staff
- **Meagan Wang**, Graduate Student Researcher, Semel HCI Center
